

Alex Carter

Senior Machine Learning Engineer | London, UK

Email: alex.carter@example.com | GitHub: alexcarter-ml

SUMMARY

ML engineer with 7 years building production AI systems. Specialises in LLMs, RAG pipelines, and MLOps. Seeking senior/staff ML roles, remote or London.

SKILLS

Python, PyTorch, TensorFlow, FastAPI, LangChain, RAG, Vector Databases, AWS, Docker, Kubernetes, SQL, NLP, Transformers, Hugging Face, MLOps

EXPERIENCE

Senior ML Engineer, DeepData Ltd (2021-2025) - London

- Built RAG search over 10M docs using ChromaDB and sentence-transformers.
- Deployed LLM inference APIs with FastAPI serving 2M requests/day.

ML Engineer, AI Startups Inc (2018-2021) - Remote

- Trained NLP classifiers; built data pipelines in Python and AWS.

EDUCATION

MSc Computer Science, University of Manchester (2018)
